HOPE HAS A FACE

Basic Needs Giving Partnership Ending Poverty in Northeast Wisconsin

Community Report 2018

WE DRIVE CHANGE...

The Basic Needs Giving Partnership (BNGP) aims to end poverty by targeting root causes. The funds raised through the U.S. Venture Open from generous corporations, family foundations and individuals are administrated by grant teams established at three local community foundations. The awarded grants support nonprofits collaborating to coordinate services for people in need throughout Northeast Wisconsin, with a focus on the organizations that are embracing continuous improvement, social innovation, shared measurement, sustainability and scalability.

Three area community foundations

partner, invest, manage and lead volunteer grant teams in awarding funds to nonprofit collaborations.

BY PARTNERING TOGETHER.

STRATEGIES

Innovation is vital to solving an issue where traditional approaches have resulted in individual successes but little scalable outcomes to reduce poverty.

Collaboration is key as poverty is a complex issue with those in need requiring a multitude of services provided by unique nonprofits.

POINT Poverty Initiative equips nonprofits with continuous improvement tools and initiates the formation of action groups around strategies focused on ending poverty.

GRANT FOCUS

We focus on four drive of poverty:

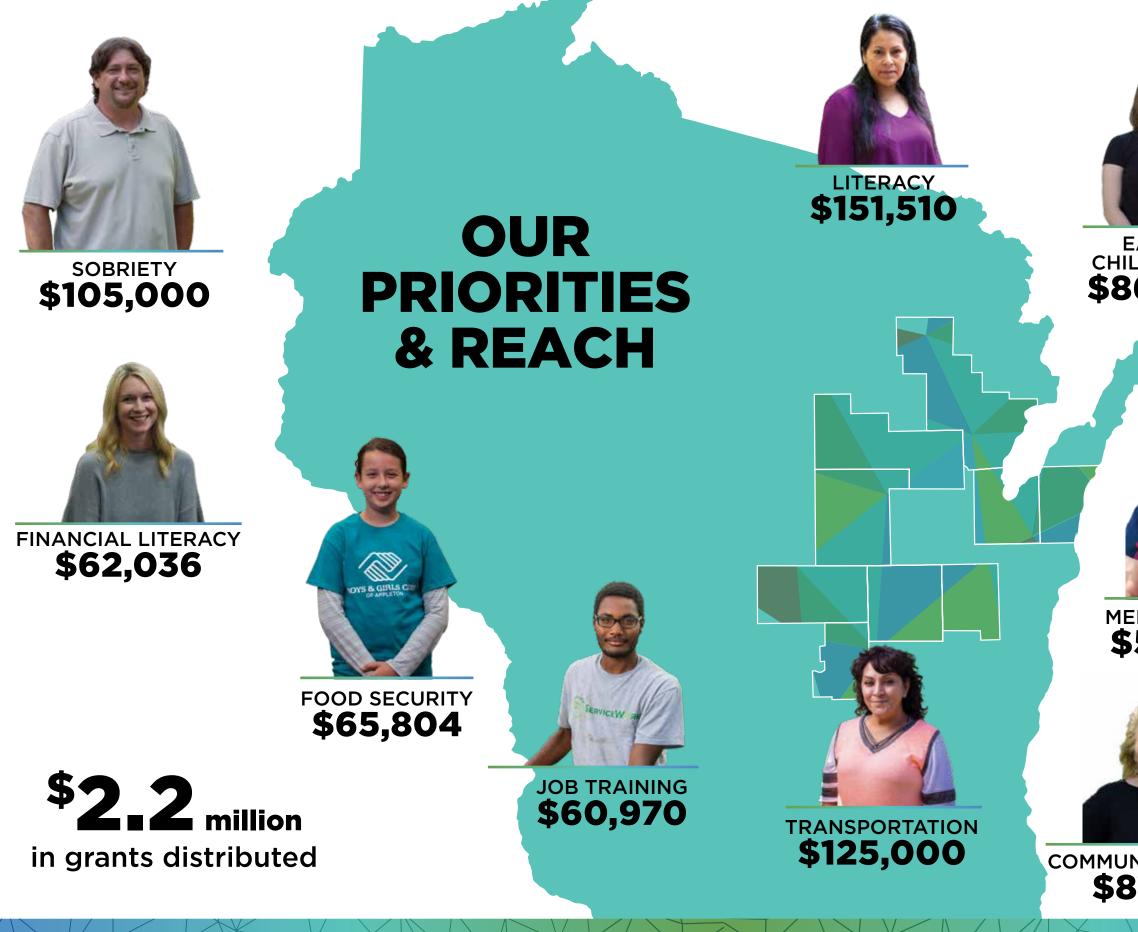

- Economic Stability
- Education
- Family Support & Sc Connectedness
- Health & Wellness

FUNDING MODEL

ers	100% of every dollar
	donated, or \$4.13 million this
	year, goes to community
	foundations in the region. An
	additional 4.5% of the fund
	balance is added to dollars
ocial	available to grant.
	A grantmaking match of
	\$800,000 from the
	J. J. Keller Foundation and
	a \$200,000 commitment
	from Oshkosh Corporation,
	ThedaCare and the Thrivent
	Foundation lead this effort.

Expanding the program will allow it to serve the communities of Chilton, Hortonville, Seymour and New London. Collaborators: Fox Valley Technical College Foundation, LEAVEN, FVTC

Community Resource Center: (\$218,608 total) Ensure effectiveness for the newly-

New Grants: \$549.415 Grants Distributed: \$533.554

Improving Mental Health for Low-**Income Older Adults & Adults with Disabilities:** \$54,789 (Year 1 of 3, \$151,415

total) This project represents a coordinated response to unmet mental health needs for low-income older adults and adults with disabilities in Brown County. Foundations will embed a resident clinician at the ADRC location 20-28 hours/week to provide outreach/casual support to build rapport and screen for mental health concerns; individual and group mental health counseling; community educational services; and intensive clinical supervision and training. *Collaborators:* Foundations Health & Wholeness, Aging & Disability Resource Center

term supportive housing, including guidance to self-sufficiency, involves acquiring three duplexes and four single-family homes. Collaborations with partner organizations allow for a continuum of care for families ready to leave shelter or transitional housing but unable to find safe and affordable housing. Collaborators: Ecumenical Partnership for Housing, The Salvation Army, Golden House, Freedom House

ELEvate (Education.Literacy.

Engagement) Our ELL Families: \$54,515 (Year 2 of 3, \$147,945 total) Expanded pilot program for Latino families to incorporate additional family literacy sites to address both the parents' and their children's language needs while engaging parents in their child's education and in parent/child interaction.

Open a third sober living house that supports long-term addiction recovery. Collaborators: Apricity (formerly STEP Industries & The Mooring Programs) and Nova Counseling Services

created multi-agency LEAVEN Community Resource Center by adding needed staff and data management tools. Collaborators. LEAVEN, FISC, St. Vincent de Paul, FVTC, Energy Services, Inc.

Almost Home Expansion: (\$69,180 total) Expand the Almost Home program, providing wraparound case management services helping at-risk families attain safe, affordable housing. Collaborators: Greater Fox Cities Area Habitat for Humanity, Goodwill Industries of North Central Wisconsin

*Payments made outside of 2018

Resiliency-Based Program for Youth (Algoma Wolf Den): \$91,000 (Year 1 of

3, \$273,000 total) A year-round resiliency program for at-risk youth in the Algoma community involves youth as leaders and targeted group activities focused on social and emotional learning. Lack of formal services necessitates an increase in early intervention and low-intensity services geared toward improving social and emotional skills in youth. These programs are designed to develop those skills, which in turn foster emotional wellbeing overall. Collaborators: School District of Algoma, UW-Green Bay Social Work Program, St. Paul's Evangelical Lutheran School, St. Mary's Catholic School

building stronger school connections, and assisting parents in acquiring skills to be selfsufficient. Collaborators: Literacy Green Bay, Green Bay Area Public Schools. Northeast Wisconsin Technical College

Youth Mental Health Matters: \$100,000 (Year 2 of 3, \$300,000 total) A multi-faceted effort to address the unmet mental health needs of a segment of the community's most vulnerable youth brings counseling professionals and students in training into the Boys & Girls Club to connect with high-need populations in a trusted, accessible setting. Collaborators: Boys & Girls Club of Greater Green Bay, Foundations, UW-Green Bay Social Field Placement Program

NEW GRANTS

Supporting Youth Mental Health

Needs: \$12,400 Planning grant to use the Results-Based Accountability framework to better understand youth mental health needs and gaps in services, and identify feasible strategies that could be implemented to ensure all youth and their families in the Berlin area have convenient access to case management and mental health services. Collaborators: Boys & Girls Club of the Tri-County Area, Catalpa Health, Berlin Area School District, Green Lake County Health & Human Services

Peer Recovery Support Services:

\$25,000 Planning grant to support the organic growth, mobilization, and training of Waushara County's recovery community to develop and offer peer recovery support services in a community where no such services exist today. Collaborators: Family Health/La Clinica de los Campesinos, Inc.

Rock the Block Oshkosh: \$100,000 (Year 1 of 3, \$300,000 total) Empower residents to revive their low income neighborhoods and enhance their quality of life by working together on home repair, preservation and beautification projects. Collaborators: Habitat for Humanity of Oshkosh, City of Oshkosh, Greater Oshkosh Healthy Neighborhoods, Inc.

State of the Child Deeper Dive:

\$13,430 Planning grant to identify and test strategies to address gaps and/or scale effective services to improve the state of the child in Winnebago County. Collaborators: Valley Packaging Industries, Child Care Resource and Referral, Winnebago County Health Department & Department of Human Services, Family Services, UW Extension, Fox Valley Early Childhood Coalition, Oshkosh Area United Way, UW Oshkosh Head Start, Oshkosh Area School District, Partnership Community Health Center

Qualitative Study of Youth Suicide-

Related Behaviors: \$10,000 Conduct a research project to determine why 12-18 year olds in Calumet, Outagamie, and Winnebago Counties are attempting suicide at nearly twice the rate of the rest of the state and national averages in order to develop real, local, targeted prevention and intervention strategies. Collaborators: NEW Mental Health Connection, Neenah Joint School District, Outagamie County Public Health, Mosaic Health, Samaritan Counseling for the Fox Valley, Catalpa Health, Winnebago County Public Health, Medical College of Wisconsin

Grade 8 Mental Health Screening in Oshkosh Schools: \$17,472 (Year 1 of 2, \$27,472 total) Add 0.35 full-time employee of case management capacity in order to expand mental health wellness screening to 8th graders, which was planned but put on hold due to the higher than anticipated positive screens in grades 9-12 (expected 30% positive screens and actual is 40%). Collaborators: Samaritan Counseling, Oshkosh Area School District, Catalpa Health

MULTI-YEAR GRANTS

Recovery House for Men: \$35,000 (Year 2 of 3. \$170.000 total) Open a third sober living house for men who no longer require the strict rule that are enforced in Mahalo, the current men's house, yet who still require some support on their journey of recovery. Collaborators: Apricity (formerly STEP Industries & The Mooring Programs) and Nova Counseling Services

Oshkosh School-Based Mental Health: \$90,000 (Year 2 of 3, \$300,000 total) Launch a comprehensive, school-based mental health program that will allow for earlier detection, increased access to services challenges because of low literacy skills and heightened awareness aimed at building a culture for mental health, reducing stigma and increasing tolerance. *Collaborators:* Catalpa Health, Oshkosh Area School District, Samaritan Counseling of the Fox Valley

Vocational Learning at Apricity:

\$30,000 (Year 2 of 3, \$95,000 total) Develop a Vocational training center located at Apricity to expand the educational opportunities for participants and enhance their ability to secure full-time employment or enroll in higher education. Collaborators: Fox Valley Technical College, Apricity

Hub Collaboration Phase 2: \$15,000 (Year 2 of 3, \$285,000 total) Engage more participants in self-sufficiency coaching by increasing coaching capacity and making it easier for people looking to get ahead and stay ahead to access hub services. Collaborators: Oshkosh Area United Way, ADVOCAP, Oshkosh Salvation Army

Reader's Café Student Literacy

Interventions: \$50,000 (Year 2 of 3, \$150,000 total) Increase reading confidence, fluency and proficiency for Boys & Girls Club members that are experiencing academic through tutoring, Readers Theaters, choral reading and book clubs. Collaborators: Winnebago County Literacy Council, Boys & Girls Club of Oshkosh

REGIONAL GRANT

JumpStart Auto Repair: \$125.000 (Year 1 of 2, \$200,000 total) Fund second and third years of JumpStart, an auto repair business open to the public that uses profits to provide free or lowcost auto services to victims of domestic abuse Collaborators' Christine Ann Domestic Abuse Services. Harbor House Domestic Abuse Programs

One event.

Hundreds of golfers, partners and volunteers enjoy an extraordinary event for a critical cause: ending poverty. U.S. Venture pays all expenses of the event. 100% of your donations go to ending poverty within area community foundations.

One mission.

U.S. Venture relies on the expertise and knowledge of area community foundations and their grant teams to oversee and implement the granting process and review.

Nonprofits collaborate and submit grant applications that address drivers of poverty. Grant teams recommend funding for the most impactful proposals in Northeast Wisconsin.

A grantmaking match of \$800,000 from the J. J. Keller Foundation and \$200,000 commitment from Oshkosh Corporation, ThedaCare and the Thrivent Foundation lead this effort.

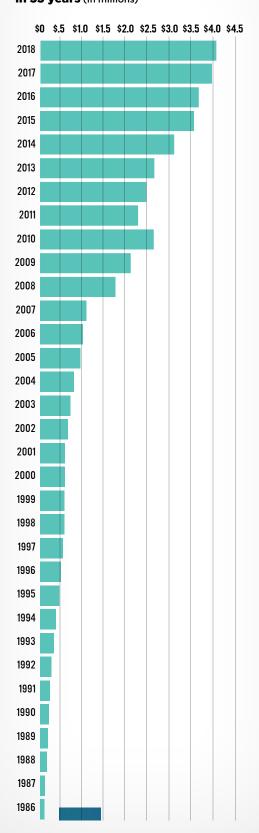

Thousands served.

\$1.6 million in new grants given this year from the Basic Needs Giving Partnership to end poverty in Northeast Wisconsin.

Your partnership makes this possible.

Note: The grants represented are based on the fiscal year of the fund and the Basic Needs Giving Partnership. Community foundation fiscal years vary.

Funds raised in 33 years (in millions)
